

The bridge question is being aggitated here lately, some are in favor of a stone and others an iron bridge, while the fact that a bridge is needed no one denies. No better place than at Heath's ford could be found, and besides it is the proper place, it being the thoroughfare to Eldorado and to Wichita. Various estimates are made as to the cost. While this township will have to vote bonds, we think Benton ought to do something, as it will really benefit them more than it will us.
