

lives.—Whitewater Tribune.

DIED: At his residence in this town ship, soon after midnight, between Tuesday and Wednesday, September 6th and 7th, Mr. John Heath, aged 53 years and six months, of heart failure. His funeral takes place to-day at 2 o'clock, p. m., Rev. I. Mooney conducting the services. John Heath was one of the earliest settlers, and his death removes one of the old landmarks from our midst, for he was well known in the neighborhood. A large family of children and grandchildren mourn his loss, besides his wife who is left to lonesomeness and advancing age. We all sympathize with the bereft family and trust that time may heal the poignancy of their sorrow.—
