Dear Griffin;

Have Been quite busy so did not get to see Mr. Matoon until to-day about your request. He asks that you send the receipts for the funeral expenses for Carrie. He will then be able to make out the form and I will send it to you. Sorry about all this red tape but it is necessary.

A week ago Wednesday, we got a notice that John had died at or near Needles. Joe went to identify him and then had his body sent in to Los Angeles. Had quite a time Locating Krene and his children. Hae not seen John in years and Joe did not know that he was out there. Joe and Burn came in for the funeral nad went back yesterday.

Glad you are still enjoying your Pacific flying and hope you make your radio licence O. K.

Work here has been worse than dull but looks a little b brighter this week. We all keep well which is something.

Best regards,
